## **JPS Argentina Joins Community of IEKG Resellers**

Industrial EKG is pleased to announce that JPS Argentina has joined the team of resellers providing innovative products and services to our valued customers.

JPS Argentina provides solutions for early failure detection and reliability of industrial operations to customers in Argentina, Brazil, Chile, and Uruguay. With over 25 years experience in services, training, and provision of technology, having served more than 300 companies in the area of industrial maintenance in the last 10 years, JPS have trained more than 2000 people and have over 80 operational installations of instrumentation and software. JPS are located in Buenos Aires and can be found at [www.jpsargentina.com](http://www.jpsargentina.com)
