

New Industrial EKG Agreements With Partners in US, South Africa, Taiwan

April, 2010

Continuing with our objective of developing broad coverage throughout the world, Industrial EKG LLC is pleased to announce several new partnership agreements.

In the US, our new partner is Motor Diagnostic Systems, www.mdsusa.net. MDS works with customers to provide cost effective solutions to a wide range of problems relating to the manufacture, operation and repair of electric motors and their associated systems throughout industry. This is achieved through the combination of superb technology and the many years of experience of their people and partners. With a network of sub-distributors already in place, MDS is well positioned to cover most of the USA.

In South Africa, we are pleased to be working with Anderson-Hurley Group, consisting of Anderson-Hurley Instruments, www.anderson-hurley.co.za and CMM Consultants. AH has been serving the African and surrounding markets with condition monitoring and other industrial services since 1986, and has a well-deserved reputation for quality and superior service.

In Taiwan, we are pleased to be working with Prowave Group, www.prowavegroup.com. Prowave Engineering, Inc. was founded in July of 1989. Prowave's 3 offices are located at Hsinchu, Taichung, and headquarters at Kaohsiung to cover the market of North, Middle and South parts of Taiwan. Prowave has assembled a group of outstanding and skilled technical experts (industrial H/W, S/W, Systems, Sound & Vibration and Technology) in the related fields of Computer Aided applications. Their founders worked for the Sound & Vibration Team of ITRI, whose education and experience encompasses a broad range of practice and theory. Prowave has been recognized as innovators in their fields, and have taken advantage of technical services to develop close relations with their customers.
